

# *Maple Way Condominium Association*

907 Curtiss Street  
Downers Grove, IL 60515

February 22, 2007

*To Whom It May Concern:*

*Recently our Owners Association undertook the renovation of our 32 year old condominium building. The renovation encompassed 5 floors of resident hallways, the party room, kitchen, 2 washroom, pool and garage. The work included the following: Removal of decorative frames in the hallway and repair, painting, wallpaper, new chair rails and baseboard, new doors, new ceiling tiles, carpeting, tiling, installation of new hardware and the removal and installation of light fixtures.*

*AAA Painting Contractors Inc. of West Chicago performed all of the work stated above. I personally worked with the president, Mark Younberg, the design staff, the foreman, the painters and installation personnel. Each and everyone were professional and focused on getting the job done right. When an issue would arise it was handled in a timely manner and to the complete satisfaction of the Board of Directors. In addition, comments were made by many of the residents on the friendliness and the willingness of the staff to accommodate the them during the work effort.*

*I would highly recommend AAA Painting Contractors to anyone and would look forward to doing business with them in the future.*

*Sincerely,*

*Linda L. Kruse*

*President*
